It's always a staged event. Watch for people wearing the same outfit every day. Saw a lady and her child waiting at the same "bustling crosswalk", in the same outfit, two days in a row.

Do you have a son or daughter YOU are willing to SACRIFICE for a president's ego? If not, shut the fuck up. Other people's children will DIE b/c of this. This is not a win for US, it's one of greatest world stage embarrassments and will forever damage our word. Get an education.

You should seek therapy for your anger. It's not normal to contact random people in an uncontrollable rage. Nor is it rational to assume anything about those whom you have not met. I wish you the best.

You should seek therapy for your anger. It's not normal to contact random people in an uncontrollable rage. Nor is it rational to assume anything about those whom you have not met. I wish you the best.

Abstract. — We study the asymptotic behavior of the eigenvalues of the Laplacian on a family of Riemann surfaces with boundary. The eigenvalues are ordered by increasing real part. We show that the eigenvalues converge to those of the Laplacian on the limit surface as the parameter goes to infinity.

We still call lies lies (or, more precisely "Lügen") round here, not alternative facts. You might want to get used to that.

Figure 1 illustrates a sequence of tweets from the user @IzzyTheRat1. The tweets are represented by grey rectangular blocks of varying widths and heights, indicating their relative length and timing. The sequence starts with a tweet containing a profile picture and the text "Also, you might want to check up on how candidates for the German general election are chosen because something in your tweet suggests that you don't know Or you do know and you're planning to work towards subverting the entire election system in your host country". This is followed by a tweet with the text "@IzzyTheRat1 @RichardGrenell". The diagram is labeled with numbers 1 through 4, corresponding to different points in the sequence.

Absurd. I condemn **those** comments completely. Don't put words in my mouth. The idea that I'd endorse candidates/parties is ridiculous. I stand by my comments that we are experiencing an awakening from the silent majority - those who reject the elites & their bubble. Led by Trump.

Is this 2% target now? Or 4%? What exactly does @realDonaldTrump want now? The credibility of the President It is so damaged and his comments to Germany and in other cases Mexico, Canada and China are so ridiculous, that it does not matter what Trump says.

Why is Mahan Air allowed to fly into Munich and Düsseldorf? I'm going to keep asking everyday. Read the fact sheet on them for yourself.

**US-Botschaft Berlin** @usbotschaft

Mahan Air supports the IRGC Quds Force, which the EU designated as terrorists. Why then does Mahan Air still fly weekly to Munich and Düsseldorf?...

Just been diagnosed with bowel cancer, a week after my 1st grandson's Christening. Doctors are moving quickly to set up surgery. The only problem, putting a huge financial burden on my family. Yet compared to Branden, my troubles seem small.

And @Reuters “reporters” should call for comment before pushing Putin’s message.

Gerhard Schroeder on @RichardGrenel. "We can't accept being treated like an occupied country. When I look at the behaviour of the US ambassador to Germany I get the impression he sees himself as an occupying officer rather than an ambassador..."

I am always curious if people will fully misinterpret this sort of thing, or if you genuinely are missing the message. Obviously no one is denouncing praying. Come on. They are upset politicians aren't taking action after all of these school shootings

Stuart Richardson @StuartRichardson

Mr. Eire says Trump isn't anti-gay because he appointed a gay man as
ambassador to Germany. Mr. Eire should know that the Amb. to Germany is
essentially a cultural attache. So, in other words, Trump sent a gay man to throw
parties. How original.

Abstract. — We study the asymptotic behavior of the eigenvalues of the Laplacian on a family of Riemann surfaces with boundary. The eigenvalues are ordered by increasing real part. We show that the eigenvalues converge to those of the Dirichlet problem as the boundary conditions approach zero.

$$A = Fe^{+2} \quad 2\gamma \quad Fe^{+3}$$
$$\overline{D} \cdot T_2 = \overline{E} \cdot T_1 \quad \text{с } T_1 \text{ и } T_2 \text{ — сред. темп.}$$

outrageous. This is totally unacceptable & deeply disturbing. Sexualizing gay people this way is designed to control them & minimize our worth.

@morningmika just asked if Mike Pompeo is a "wannabe dictator's butt boy," as homophobic a term as I've heard on national morning television. @MSNBC tried and failed to censor it, and did not transcribe her remark in the closed captioning.

accepting apologies is important. We all fail. But I don't see that you've actually apologized to gays? Your words demean, mock and therefore try to control whole groups by minimizing our humanity.

We value policy criticism. We love a free press. But @Spiegel literally fabricated stories saying people (Americans) were racist & xenophobic. They made up events, details, & lies - and no editor checked the stories. Every real journalist should be outraged by this.

Spiegel hasn't answered as to how this fraud happened. One reporter was able to publish anti-American propaganda for years without an editor or fact-checker?! It's absurd for them to pretend this is only about one reporter.

Important: @DerSPIEGEL has dispatched the r US editor @chrischeuermann to Fergus Falls, the town portrayed by the disgraced reporter #ClaasReuter as a den of bigotry. He is setting the record straight: [spiegel.de/politik/auslan...](https://www.spiegel.de/politik/ausland/)

your uber hatred of Trump means you've become what you say you hate. calm down. stop alienating your 80% friends. the point is that Trump is very tough on Russia and doesn't get the credit he should.

Thank you for speaking up Mr. Grenell! It saddens me that the left wants nothing but war, partisanship, resistance, & hatred. In all my life, I've never seen anything like it. They are the OPPOSITE of everything they "pretend" to stand for. I wish more people would wake up to it.

Iran is a gathering storm of chaos over Europe. Terrorism, threats of death, ballistic missile programs, the hanging of gays. These are NOT European values.

Another blatant and aggressive speech by the Deputy Head of IRGC threatening Israel's annihilation. This is the essence of Iran's regime that also threatens Arab countries and carries out terrorist acts on European soil. Europe cannot ignore this threat. As I pointed out in the thread, it's so notable that every single Democrat remained seated & silent when Trump touted his withdrawal from a Reagan Treaty. It's interesting how party outlooks evolve. That's not "dangerous pro-Russia posturing" that's factual observation.

I'm a bisexual atheist and get major flack (from both the gay community and fellow atheists) over the fact that I fully support @POTUS and @VP. I cannot fathom the mental gymnastics required to rationalize their hatred of them.

For those of us in the LGBT community who deal in facts, we are chilled by recklessly repeated gossip. Mike Pence is a humble Christian who loves God, and all His creation. I know him. You obviously don't.

For those of us in the LGBT community who deal in facts, we are chilled by recklessly repeated gossip. Mike Pence is a humble Christian who loves God, and all His creation. I know him. You obviously don't.

I'm a bisexual atheist and get major flack (from both the gay community and fellow atheists) over the fact that I fully support @POTUS and @VP. I cannot fathom the mental gymnastics required to rationalize their hatred of them.

Thread I'd like to talk about Gaza, where the people have been rising up against Hamas - and been brutally suppressed, including with live fire. Hamas has been suppressing the media and nobody has been talking about it.

Odd thing for a "journalist" to say.

Leadership means stepping out alone sometimes. And not waiting for the crowd. The crowd at the UN Human Rights Council agrees with you, though. @WSJ

Farnaz Fassihi @farnazfassihi

One wonders if US policy makers feel any embarrassment when every member of the Security Council, including their allies, accuses them of violating & ignoring international norms & laws.

One wonders if some "journalists" (@farnazfassihi) would rather US support the Assad regime, which gasses & slaughters its own citizens at will, and that called for this session?

Groupthink ≠ leadership. Standing up for your principles & what's right.

This guy is trying to start a gay/religion CARD

What about your fellow Minnesotan Muslim? If you go by their faith you wouldn't be alive

After being called out for publicly lying about reaching out for comment, I get this backtrack:

“I did not ask you directly...”

But he didn't even ask me indirectly. I condemned this before he did.

This was referring to getting a response from President Trump — which we were routed through state department and did mention above. He has yet to respond to this

There should also be a renewed commitment to stop using anonymous sources so much.

We value policy criticism. We love a free press. But @Spiegel literally fabricated stories saying people (Americans) were racist & xenophobic. They made up events, details, & lies - and no editor checked the stories. Every real journalist should be outraged by this.

But this is not about Retotus. This is about you blaming the SPIEGEL of anti-Americanism. This is a partisan ideology

Great question, Mr. Ambassador

Especially considering the fact that Zarif has close relations with #Iran's terrorist-designated Revolutionary Guards (#IRGC), Quds Force chief Qasem Soleimani, the Lebanese Hezbollah & Syrian dictator Bashar Assad

It also doesn't mean that outcomes will be equal, only opportunity. As Thomas Sowell pointed out, you can't even get equal outcomes amongst siblings raised in the same household, but people expect to achieve them across a diverse society? It's insanity.

This is gaslighting. Trump and his Administration have attacked the LGBTQ community in policy and rhetoric more than 110 times. We will be holding the media accountable to ensure that they're telling the truth about his anti-LGBTQ record. twitter.com/realDonaldTrump

"It's an ambition verbalized" but it's not a commitment?! LOL
Allies willingly signed the commitment and listed the equipment and capabilities they would provide. They decided what they would contribute.

Actually, as an aside, spending 2% of GDP on defense is not a "requirement." There is no financial requirement imposed by NATO. It's an ambition verbalized in the 2014 Wales declaration which allies recognize as desirable, most as essential for effective defense/deterrence. twitter.com/RichardGrenell

The courage and bravery of the many Americans and allied troops on DDay is humbling to think about. They sacrificed their lives so Europe would be free.

40 million Europeans died in WW2, but all we ever talk about is the Holocaust. I bet you can ask a school kid how many Jews died and he'll tell you right away 6 million, but he has no idea how many Americans died. And why? Because you can't guilt trip anyone with dead Europeans

40 million Europeans died in WW2, but all we ever talk about is the
Holocaust. I bet you can ask a school kid how many Jews died and he'll tell
you right away 6 million, but he has no idea how many Americans died. And
why? Because you can't guilt trip anyone with dead Europeans

@tedwheeler If you are proud of that heritage, lead the way. Pass a regulation that no masked persons are allowed at demonstrations or protests and that police, whom you lead, will vigorously enforce this. Get their faces to match their words and actions.
